LIGHTING & DESIGN BY SCOTT

I love making parties magical through lighting and design, bringing your vision to life. My company was born out of my passion for art that sparked in my childhood. I found inspiration for my company as I realized the magic that happened within the backstage production while attending theatre shows at a young age. Shortly after, I began to pursue an education in Entertainment Technology and regularly working on professional community events.

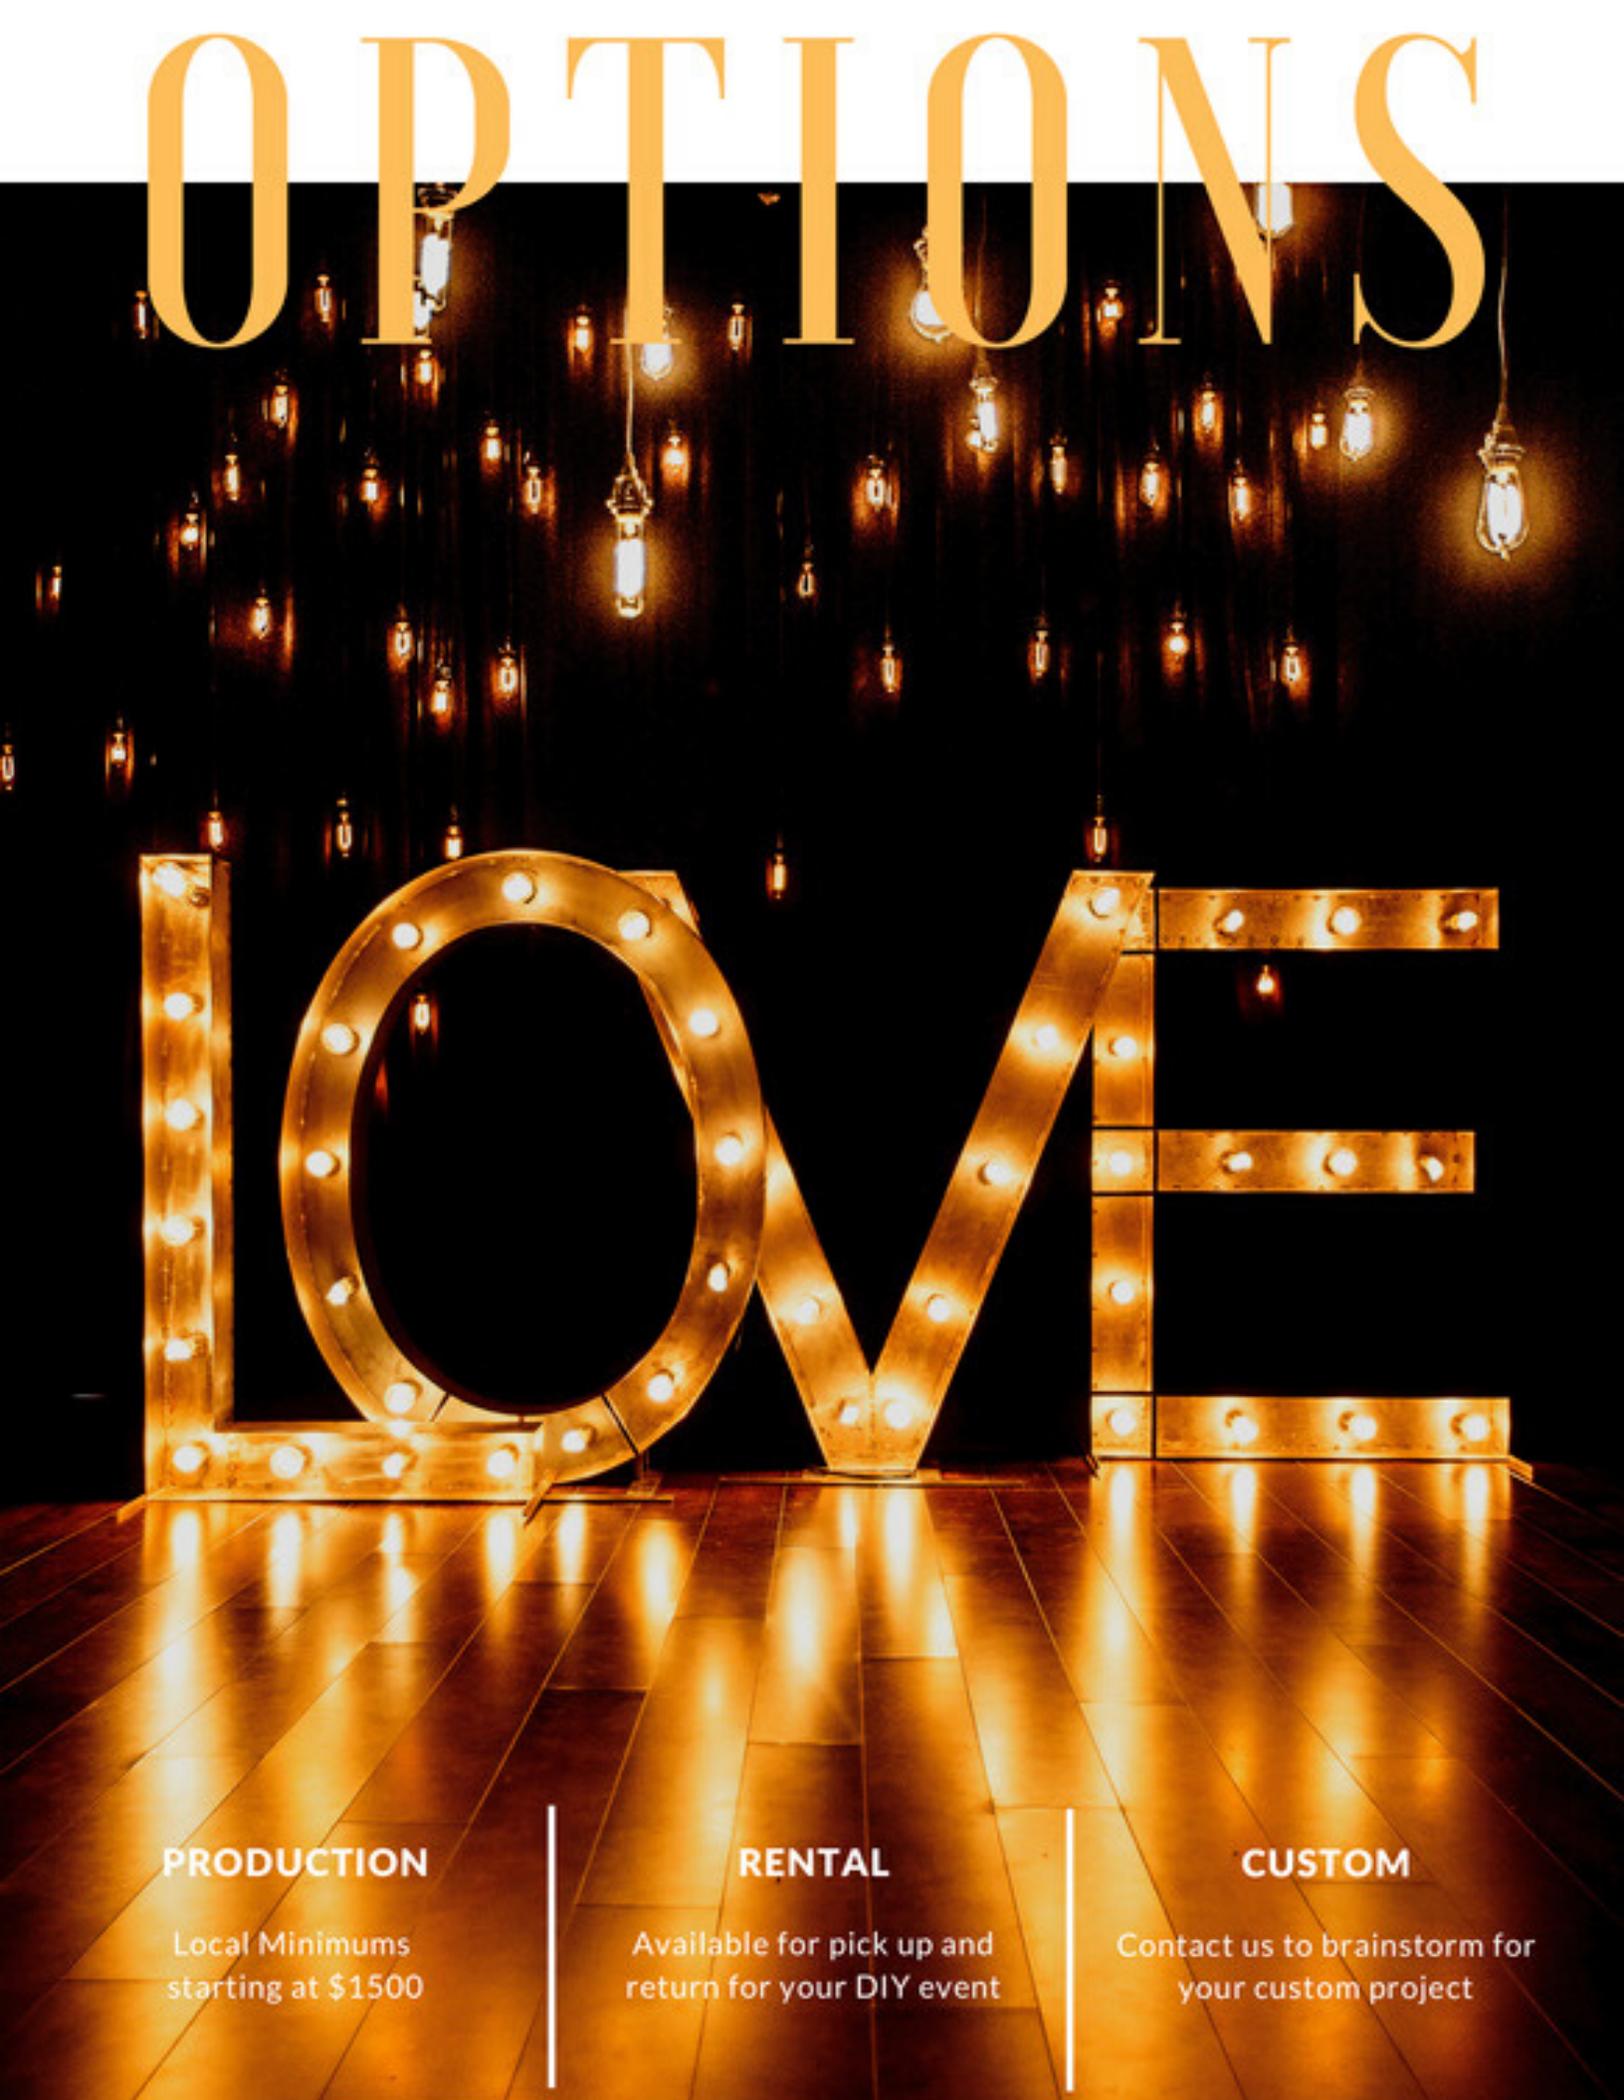

I've worked on:

Hairspray (Broadway)
Women in Black (off Broadway)
Love Janis (off Broadway)
Bindlestiff Family Circus
Various Burlesque shows

Combining my extensive experience and the newest technologies to make your event unique, unforgettable and spectacular since 2008!

KIND WORDS

Alissa B. June 2019

We loved the marquee letters from Lighting and Design by Scott for our wedding back in June! They were a huge hit and everyone loved them! It was a super simple process to rent them and a fair price. If we had bought our own it would have been out of our budget and what would we do with 4 foot marquee letters after the wedding? So that's why we were excited when we found out we could rent the letters we needed from Scott. We would definitely recommend his services to anyone needing light work! ☺ thanks for helping to add a special and unique touch to our wedding!

Katie S. August 2019

Scott was great to work with! I learned of him as he is recommended by Arrowhead Golf Club. He was very easy to work with, and went above and beyond to collaborate with my florist. The guests had many compliments! Thank you Scott!

AJ V. July 2019

We hired Scott for bistro lights for our wedding and they were perfect for the setting we were at. Everyone loved hanging outside and hanging out on that patio under the lights. The letters that Scott provided were also a huge hit and a surprise for us on our guests, and were the background for a lot of awesome pictures!

Laura G. January 2020

Scott designed and installed the lighting at our daughter's wedding on January 4, 2020 at the Tivoli Turnhalle. It was beautiful! It was magical! He even had marquis lights in the couple's initials for the front of the stage. He and his staff were easy to work with, came in the night before to set up and again after the reception for take down. I would definitely use his services again!

Joe B. June 2018

If you are looking for the extra flare that you don't see at most wedding CALL SCOTT! I had dreamed of fireworks during my husbands and I's first dance. However, not wanting to catch our venue on fire that dream was quickly crushed when I learned that you can't have indoor fireworks -- that is until I learned about SCOTT and his company. He has these special machines -- AMAZING machines that allow fireworks to come inside. I have no idea how they work -- BUT they are even better than fireworks. I kept it a secret from everyone and when my husband and I danced our first song it was such a fun surprise!!!!

Barbie Howard Rocky Mountain Bridal Show producer

Scott's unparalleled dedication to his events makes him one of the best wedding professionals in Colorado. Highly recommend.

Scott was great to work with - helped me figure out what was needed for my space and was very flexible with set up timing. Very happy with the ambiance he created in the reception space. I would highly recommend for any event!
